

Fertility Week 2018 *Discover your chances*

Fertility Week
24–30 September
www.fertilityweek.org.nz

WAIKATO

TUESDAY 25 SEPTEMBER

6.30pm–8.30pm

Avantidrome, 15 Hanlin Rd, Cambridge

Facing infertility

Dame Valerie Adams' story

As many as one in four New Zealanders will experience infertility during their lifetime. Anyone can be affected – even Olympians! Dame Valerie Adams will share her own fertility story, followed by an informative presentation by Dr Laura Miller. Whether you are wanting children in your future, have been trying-to-conceive for years, or you are somewhere in between, there will be information and support for you.

Register today at Eventbrite.com, free of charge. Suggested donation of \$5pp via www.givealittle.co.nz/org/fertilitynz or a donations box on the night. Reserve your place today – numbers are strictly limited!

Fertility Week is organised by Fertility New Zealand, a registered Charity dedicated to providing information, support and advocacy to New Zealanders experiencing fertility issues.
