

# **Fertility Week 2018**

## *Discover your chances*

**Fertility Week**  
24–30 September  
[www.fertilityweek.org.nz](http://www.fertilityweek.org.nz)

CHRISTCHURCH

TUESDAY 25 SEPTEMBER

6.30pm–8.30pm

Room 1, Phillipstown Community Hub, 39 Nursery Road

## ***Infertility for men***

### *Male factor infertility and supporting your partner*

This is an evening dedicated to infertility from a male perspective – as well as the medical aspects of male factor infertility, our speakers will talk about their own experience of male infertility and how to support your partner through infertility and treatment. It's an evening by men, for men ... but everyone is welcome!

#### **Speakers**

Former Black Cap cricketer Chris Harris will speak about how he supported wife Linda through multiple rounds of IVF while juggling an international cricket career.

Paul is a father to Theo, 5. He and his wife Carolynne had extensive IVF treatment due to male factor infertility.

We will also hear a medical perspective on male factor infertility, and male involvement, from Dr Michelle Bailey.

This is a FREE event, but registration is required. Register today at [Eventbrite.com](http://Eventbrite.com), free of charge. Suggested donation of \$5pp via [www.givealittle.co.nz/org/fertilitynz](http://www.givealittle.co.nz/org/fertilitynz) or a donations box on the night. Numbers are limited!

Fertility Week is organised by Fertility New Zealand, a registered Charity dedicated to providing information, support and advocacy to New Zealanders experiencing fertility issues.
